COMPANY OVERVIEW

ABOUT US

"**GAFAR TECHNICAL SERVICES** has been at the forefront of the technical services industry for over 10 years. We pride ourselves on providing innovative solutions, outstanding customer service, and a dedicated team of experts. Our mission is to ensure that every project, no matter the size, is completed with the highest level of professionalism and attention to detail. Our skilled team utilizes the latest technology to deliver fast, reliable, and high-quality results, ensuring your projects are completed on time and within budget."

OUR PROCESS

Mission

To be the trusted partner in solving complex technical challenges with precision, integrity, and excellence. We turn complex challenges into streamlined results, building value at every stage.

Vision

To be a leading force in construction, technical services and MEP services, delivering smart, sustainable, and high-performance building solution.

CAMPANY VALUES

Gafar Technical Services is built on values that guide every project we undertake. We are committed to **excellence**, delivering high-quality construction and MEP solutions with precision and reliability. **Speed and efficiency** drive our process, ensuring timely results without compromising standards. We operate with **integrity**, building trust through transparency and ethical practices. With a **client-focused approach**, we tailor our services to meet each client's unique needs. We embrace **innovation**, adopt modern technologies, and prioritize safety at every stage. Through strong teamwork, we turn complex challenges into successful, lasting outcomes.

CORE SERVICES

Our **cable pulling services** are designed to provide efficient and safe installation of electrical and communication cables for commercial, industrial, and residential projects. Whether it's trenching, underground, or overhead installation,

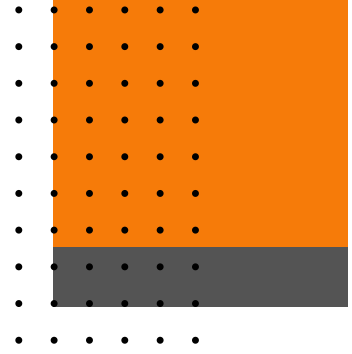

Our **Gliding and Termination Services** ensure the seamless routing and secure connection of electrical and communication cables in residential, commercial, and industrial projects.

Services Include:

- Cable gliding through ducts, trays, and conduits
- Cable termination for LV, and ELV.
- Labeling, testing, and documentation
- Compliance with safety and industry standards

CORE SERVICES

Wall Cutting and Chasing

We specialize in wall cutting for MEP works.

Our **excavation services** are designed to support your construction and infrastructure projects, including site preparation, trenching, and grading. We also provide specialized services for drainage, foundation work, and utility installation

We offer professional **waterproofing solutions** to protect your property from water damage. Our team specializes in interior and exterior waterproofing for kitchen, washrooms, balcony, basements, foundations, roofs, and walls.

Our **core cutting service** is perfect for creating precise, circular holes in concrete, brick, or stone surfaces. Whether it's for plumbing, electrical, or HVAC installations, we provide clean and accurate cuts without compromising the integrity of your structure.

BUSINESS OVERVIEW
